MOUNT PLEASANT ACQUIRES ADJACENT PROPERTY AND WILL OFFER SHORT TERM VACATION RENTALS IN 2023

Edinboro, PA– Mount Pleasant is pleased to announce our next expansion phase. As of November 16th, we have purchased the adjacent property to the ski area, 14500 Mount Pleasant Road. This 6-bedroom home, which will be rebranded as “The Mount Pleasant House,” will offer short term (week and weekend) vacation rentals beginning in the summer of 2023. In addition to short term vacation rentals, this property acquisition will allow for modifications to the entryway of the resort, allow expansion and in general, beautify the overall appearance of the area.

“This home, constructed in the early 1900’s, was the original farmhouse to the property.” said Owner and Operator Laura Sinsabaugh, “When the ski area opened in 1970, the original owner renovated and converted the barn into what is now the lodge, and the farmhouse was not part of the ski area. We are excited to reunite the properties and offer our patrons an opportunity to enjoy slope-side lodging.”

The Mount Pleasant House will retain much of its original charm upon renovation. The 6-bedroom home will provide an excellent opportunity for a large family or multiple families to vacation slope-side in the winter. In the summer, Mount Pleasant offers a 7-mile trail system that can be enjoyed by mountain bikers or hikers. It is an excellent location for enjoying all that rural northwestern PA has to offer. Mount Pleasant expects to begin offering vacation rentals in July of 2023.

“We pride ourselves in offering skiing and snowboarding as a day destination and now we are excited to expand the footprint of the ski area and offer an exciting new product,” said Owner and Operator Doug Sinsabaugh. “This additional property will allow us to expand and upgrade the ski area’s façade. In the short term, we envision the creation of a one-way driveway and drop-off area by utilizing the existing lodge driveway and the driveway of The Mount Pleasant House. This will enhance the guest experience and beautify the façade of the ski resort. In the future, the additional property will allow expansion of the existing lodge.”
